SUMMARY:

Energetic and goal-driven Computer Science student currently in the third semester at Iqra University, DHA Campus. Strong interest in Artificial Intelligence, Machine Learning, and digital communication technologies. Completed a university-conducted bootcamp in AI/ML, enhancing foundational knowledge and practical exposure to emerging technologies. Currently contributing as a Content Writer in Sportika, the official sports society of Iqra University, where I help manage event coverage and digital engagement. Additionally, working at Synex Code as a Chat-Based Agent and Marketing Associate, gaining valuable experience in client interaction, digital marketing strategies, and communication platforms. Passionate about continuous learning, collaboration, and using technology to solve real-world problems.
